Using your timetable

A guide to reading your timetable

- Select the correct table for the day you are travelling. Direction of travel is shown at the top of the page, day of travel is shown in a tab at the edge of the page.
- 2 Choose the station you are departing from and read across the page to find the time you wish to travel.
 - d or dep indicates departure time and a or arr arrival time.
- 3 Read down the timetable to check the time your train will arrive at its destination station.
 - A '___' indicates the train concerned does not stop at that station.

Where a letter is shown alongside a time, you need to refer to NOTES section at the bottom of the timetable page. The letter usually indicates you have to change trains to complete your journey and the note will show you which station you need to change at.

Sometimes the note indicates the train runs for a specific period of time.

- 5 Recommended interchange times If you are unfamiliar with the journey it is advised to allow 5 minutes to change trains. At a few large stations more time is necessary.
- 6 Please be aware that some trains will divide or attach to other trains en-route. Please listen to the on-board announcements to ensure you are travelling in the correct part of the train.
